

The depth and impact of our Leadership Training through Certification as a Positive Coaching Alliance Double Goal Coach, is second to none. Bald Eagle Camps offers three opportunities to be a part of our Summer Camp.

POSITIONS AVAILABLE:

1) Double Goal Coach – We will be looking for college aged individuals, or older, who will be the head coach of a group of 12–20 campers, and oversee 2 younger assistant coaches. You will be responsible for creating a positive culture of encouragement and fun for your team of campers, as well as be an outgoing and contributing member of our coaching team. You will be certified as Double Goal Coaches by Positive Coaching Alliance. Depending on our need each week, coaches may be assigned to different teams dependent upon their skills and background, and may work in the general Sports Day Camp, the Jr.High Leadership Camp or in our Basketball Camp. Double Goal Coaches must have at minimum a high school diploma and will be chosen based on a combination of skills ranging from academic excellence, involvement in extracurricular activities, a teacher reference note, their commitment to the principles of being a certified Double Goal Coach, and their overall positive attitude. Most of our coaches have worked their way up from being a Coach In Training and a DG Assistant Coach.

~~Weekly Stipend for a DGC is at least \$350/wk and increases with added responsibilities and years working with BEC. Each week is approximately 32 hours total. DGC's also get free lunch every day.

2) Double Goal Assistant Coach – We will be looking for young leaders who are going to be Juniors or Seniors in high school for the 2012–2013 school year. They will be working as Assistants to the Double Goal Coaches, although they will go through the same training and be certified as Double Goal Coaches. Because of their younger age, Assistant coaches will be helping the head coach in building a positive culture for their team. Assistant Coaches will be our support system to make sure that all the important details for a great culture are accomplished, and may work in the general Sports Day Camp or the Basketball Camp, depending on our needs and their skill set. Double Goal Assistant Coaches will be chosen based on a combination of skills ranging from academic excellence, involvement in extracurricular activities, a teacher reference note, a commitment to the principles of being a certified Double Goal Coach, and their overall positive attitude.

~~Weekly Stipend for Assistant DGC's is at least \$250/wk, and includes lunch every day.

3) Coach In Training – This is a premier Leadership Training opportunity for young teens looking to gain work experience, build a resume for college and beyond, or get a foot in the door at BEC for future paid positions. Bald Eagle Camps will be taking on a select group of young leaders who want to learn and grow their leadership qualities while at the same time set themselves up to be Bald Eagle Camp Coaches in the years to come. Any student slated to be a freshmen or older in the 2012–2013 school year may apply. This group will go through our Leadership Training process and absorb all aspects of being a coach at Bald Eagle Camps, including the Certification as a Double Goal Coach. Coaches in Training will help with every task in camp including working with the campers, assisting in supervision, set up, tear down, equipment management, food service, and playing in games where we need to balance teams. CIT's will receive a letter of verification for hours served, gain a PCA Coach Certification, get leadership and job skills training, receive t-shirts and other camp gear, as well as get a free healthy lunch every day. We are looking for CIT's to be at all 5 weeks of camp, but we understand conflicts may occur. We are looking for volunteers to work a minimum of 2 weeks and less weeks could inhibit acceptance into the program. CIT's are expected to carry themselves the same as a paid employee, being on time, mature and responsible.

~~This is a volunteer position.
